

CARE. EMPOWERED.®

Mass Tort & Class Action Recovery

Achieving Unmatched Outcomes with Unrivaed Legal Expertise

Comprehensive Case Analysis

Our extensive process reviews potential mass tort claims involving drugs, devices, and toxic exposure. Some current opportunities include:

Drugs

<Nexium>

<Actemra>

<Zantac>

Devices

<Knee Implants>

<CPAP>

<Breast Implants >

Toxins

<Asbestos>

<Roundup>

<Baby Formula>

The Phia Group's Mass Tort and Class Action Recovery service is a cost containment powerhouse, delivering an average case value **over 10 times higher** than standard third-party recoveries.

Here's How We Uncover Opportunities

Exclusive Legal Expertise

We partner with a nationally recognized mass tort law firm to manage cases and secure maximum possible recoveries for our clients.

Caring Client Support

We collaborate with plan participants to raise awareness of class action cases and inform our clients with detailed, on-demand reporting.

Advanced Technology

Our unique software leverages proprietary algorithms analyzing claims and demographics to identify mass tort opportunities.

Turn Missed Recovery Opportunities Into Significant Savings

Partner with The Phia Group today to reduce your overall claim spend and optimize your health plan.
